Lego Club

Along with being FUN, Lego building is a great way to learn and practice many skills. Join our group as they meet once a month for creative, imaginative building fun.

No Kids Create for December

Holiday Party @ City Hall

Performance by:

Tom Pease has an infectious sense of fun and community building. With movement, sign language, humor, and joy, he creates concerts that leave audiences laughing and singing.

He's performed full time since 1982, often giving more than 200 performances per year.

He's also a frequent presenter at early childhood and environmental conferences, keynoting, and leading breakout sessions that explore the role of music in shaping our lives and the world we live in. Tom connects and inspires with every show he does.

After the performance, visit Santa, get a free book, and eat delicious cookies provided by the Friends of the Library.

Simply Knitting & Crochet

Meets twice a month on the first and third Tuesdays of the month at 1:00pm. Learn how to and/or get help with projects.

Coloring Group

It's not just for kids! Coloring for adults has become a world-wide phenomenon as people discover the joy and relaxation it brings. We provide coloring sheets, pens and pencils, or you're welcome to bring your own!

Pageturners

Adult book club meets each first Thursday of the month @ 6:00pm

December: Dead Wake by Erik Larson

Intro to Origami

Origami: the Japanese art of folding paper into decorative shapes and figures

Have you always wanted to learn the art of origami or would like tips on improving your skills? Local origami enthusiast, Don Kildahl will teach and guide participants through crafting simple paper ornaments. All supplies are provided.

Family Gaming

As the weather gets colder, and the cabin fever sets in we try to find a way to get out and enjoy the company of friends and family. The Rice Lake Library would like to give you that opportunity with a regular family and friends board game meetup. We will be meeting two Tuesdays a month to play board games. These games will range from the most casual party games like Apples to Apples and Codenames to the heavy weight titles like Catan, Pandemic, or Zombicide. You can show up and play one of the games we have available or bring your own to play. Join us, and beat cabin fever with friends, family, and a good game.

Computer Program with Richard Krohn

Richard Krohn has been in the computer business for 30 years plus. This month, along with offering time for your questions, Richard will be going over information on Windows 7 & 8. This is a free opportunity to get your questions answered and learn a variety of computer tips.
